Definitions

Salary - The amount shown as "salary paid" in this compendium may not represent the employee's annual rate of salary in 2003. The salary required to be made public under the *Public Sector Salary Disclosure Act, 1996* reflects the amount to be reported to Canada Customs and Revenue Agency on the employer's T-4 slip for the employee. The "T-4 amounts" may include components that relate to a year prior to 2003. These may result, for example, from retroactive revisions to salary scales, from grievance payments or from vacation pay-outs upon exit from employment. Note also that the "T-4 amounts" may exceed the employee's annual rate of salary if the employee worked overtime during the year. The "T-4 amounts" may be less than the annual rate of salary if the employee worked only part of a year.

Taxable Benefits - The amount shown as taxable benefits is the amount shown on the T-4 slip as prepared for Canada Customs and Revenue Agency. These amounts can include free or subsidized housing, board and lodging, travel in a designated area, personal use of employer's vehicle, interest-free and low-interest loans, other payments made on behalf of the employee such as relocation costs, employer contributions for basic life insurance, and tuition reimbursements.

Définitions

Traitement - Le montant qui figure au « traitement » n'est pas nécessairement représentatif du taux de rémunération annuelle de l'employé ou de l'employée en 2003. Le traitement qui doit être rendu public en vertu de la *Loi de 1996 sur la divulgation des traitements dans le secteur public* est le montant qui figure sur le feuillet T4 de l'Agence des douanes et du revenu du Canada au nom de l'employé. Les « montants du T-4 » peuvent comprendre des éléments qui portent sur une année antérieure à 2003. Il peut s'agir, par exemple, de modifications rétroactives des échelles salariales, d'un règlement faisant suite à un grief ou de rémunération versée pour des jours de congé dus lors d'une cessation d'emploi. Il se peut également que les « montants du T-4 » soient supérieurs au taux de rémunération annuelle si l'employé ou l'employée a travaillé des heures supplémentaires durant l'année. Le montant figurant sur le T-4 peut être inférieur au taux de rémunération annuelle si l'employé ou l'employée n'a travaillé qu'une partie de l'année.

Avantages imposables - Le montant des avantages imposables est le montant qui figure sur le feuillet T4 que l'on remplit pour l'Agence des douanes et du revenu du Canada. Ce montant peut comprendre un logement gratuit ou subventionné, des logements et repas, des déplacements dans une région désignée, l'utilisation personnelle d'un véhicule de l'employeur, des avantages consentis sous forme de prêts sans intérêt ou à faible taux d'intérêt, d'autres versements consentis à un employé ou à une employée comme les coûts de réinstallation, les cotisations patronales à une assurance-vie de base, ainsi que les remboursements de frais de scolarité.
